Issue 3

EBC supply to Apprentice Baton

Sometimes the EBC is implemented from the Apprentice and Maestro kiosk and other times it is not implemented.

Examples.

When using Free Apprentice EBC and user purchased 8 additional Apprentice EBC, the countdown was implemented reverting to the remaining free EBC.

We possibly need to meet on SL to demonstrate this.

It is appears that that users can only purchase Maestro EBC first.

Testing on 24.4.22 Example.

Apprentice:0 - Professional:0 - Maestro:0
[01:13] *Apprentice* Kiosk 1.10.11: 8 Apprentice boosters were added to your account. Thank you..
